

## ***The Xcell X 3 Ocean Rowing Oar***

- Specifically designed to meet the most demanding needs of competitive ocean rowing.
- Endorsed by The Woodvale Challenge as a recommended supplier.
- Proven under exacting blue water racing conditions since 2004.
- Continuous product development to deliver the ultimate in performance.
- All components are manufactured in the UK using Xcell's own product tooling and engineering designs, coupled to CAD-CAM controlled manufacturing processes.

### ***The Rowing Oar Shaft***

- 100% carbon fibre tube with Kevlar reinforcement.
- A unique manufacturing process for Xcell Oars and Sculls.
- Kevlar wrap overlays the carbon tube at the points of maximum stress.
- The Kevlar overlays deliver a loom of exceptional tensile strength and lightness.

### ***The Macon Scull Blade***

- Constructed with a PU high density foam core.
- Biaxial, unidirectional E-glass fibres.
- Vinylester resins.
- Hard finish to professional competition yacht racing standards.
- Spoons can be spray finished to any colour and competitor's sponsor logo design.

### ***Sleeves and Collars***

- Manufactured to Xcell's design and tooling to fit the standard 'Concept' gate.
- Highest quality, low friction ABS and Polyurethane plastics.
- Sleeves are in "dayglo" yellow; collars are black.

### ***Fixed Wooden Handles***

- Made only from best quality Tulipwood.
- Xcell only recommend fixed handles for Ocean Rowing.
- Adjustable handles can result in a loss of power, as efficiency is reduced through the lateral movement at the point of the adjustable handle connection.
- An adjustable handle allows water ingress.
- Adjustable handles can be supplied upon request.

### **Dimensions and Weight**

- Oar Weight: 2.3 kg
- Oar Length: Maximum of 340 cm.

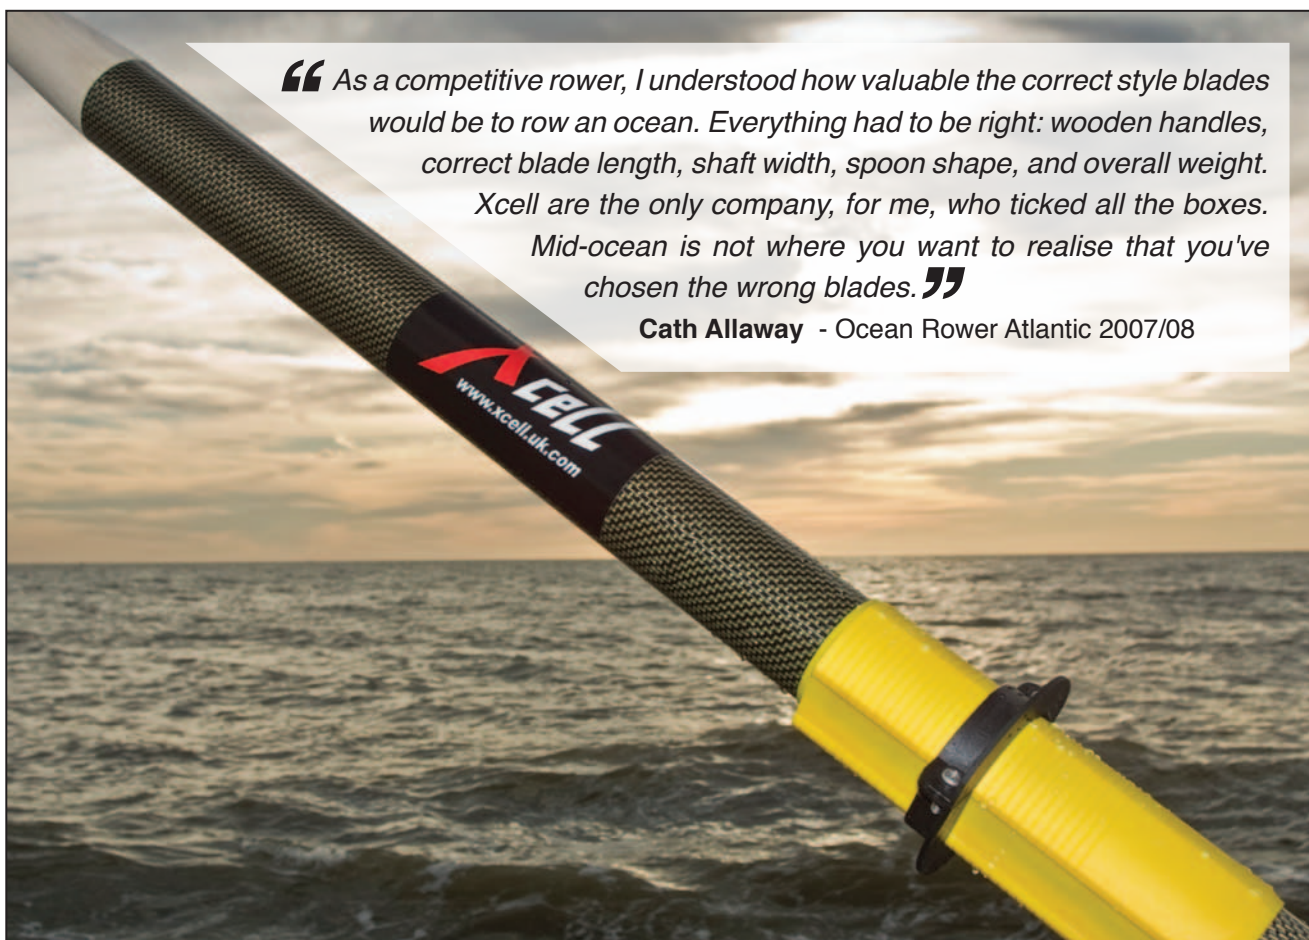

### **Customising Options**

We provide ocean rowers with any option to match their personal requirements in the best way for their own style.

- Overall length: from 308 cm up to 340 cm
- Personalised location of sleeve and collar on the parallel section of the shaft
- Optional handle sizes for fixed wooden handles
- All spoons can be sprayed to a professional finish, in the colours and logo designs of individual competitors.

### **Prices:**

- Until 31st December 2008 all orders for the X 3 Ocean Rowing Oar will be at the list price of **£450.00** per pair excluding VAT, packing and delivery
- Quantity discounts are available for orders between 10 and 20 oars at 5% reduction off list price and for orders greater than 20 oars, at 7.5% reduction off list price.
